V. Old Business

A. Co-Op

1. MMSP 10-0 to approve the Co-Op policy.
2. It was suggested that the President be notified if you plan to Co-Op, and he will move for league approval. This may be done by email.
3. GUIDELINES FOR CO-OP
 - a. A school wishing to co-op with another school must inform the league at least one meeting before that specific sports season, except for softball.
 - b. Schools wishing to co-op must have already received approval from their school board and principals.
 - c. Schools applying to co-op must be doing so because the school does not have enough 6th, 7th, and 8th graders enrolled to form an A-team in LALSAC sports. (This means the school does not have enough students, not dealing with *interest level* of the students.)
 - d. Schools applying to co-op must select the closest school in proximity to their school and work outwards in succession until permission is granted.
 - e. Once co-opping has occurred, that school is required to continue to select the same school to continue to co-op with – assuming all of the above conditions have been met.
 - f. All co-opping decisions must be approved on a per case basis one meeting before the sports season, except for softball.
